

# Submitting an Assignment

Click on the assignment you want to submit. In this example AC 5.1

Please complete this learning agreement as soon as possible and return it to your personal Tutor. Thanks.

**Understand the application of theories and models of reflection and evaluation to reviewing own practice**

[AC 5.1 Analyse theories and models of reflection and evaluation](#)

Theories, principles and models, e.g. as part of Kolb's Learning Cycle, Honey and Mumford( Learning Styles), Schon (reflection-in-action/reflection-on-action), Greenaway (Plan-do-review), Gibbs(reflective cycle), Johns (description, reflection, influencing factors, alternative strategies, learning) Murphy (new situation, awareness of thought, describing situation, analysing knowledge, evaluating relevance and use of knowledge, identifying learning to apply to a new experience), Moon, Dewey, Schon, Tripp, critical incident approach, Brookfield - critical lenses.

Ausubel Gagan

Hierarchy of intellectual tasks

Kolb Schon Reflection

4 stage model of learning

AC 5.2 Explain ways in which theories and models of reflection and evaluation can be applied to reviewing own practice.

Reflecting on own practice, e.g. Scaffolded questioning, analysing personal experiences, SWOT analysis, session evaluation, formal course evaluation, action research, use of critical thinking, questioning choices, problem solving, identifying coping strategies, identifying ways to adapt and improve current practice, identifying sources of best practice, identifying development opportunities, action planning, networking.

Alternatives approaches to reflection, e.g. recording through audio or video, professional discussion, group reflection using video and web2 technologies, blogs, wikis, professional learning networks, action learning sets approach or 'video clubs' approach, collaborative approaches using self-video in teaching.
